

# SMOKE SIGNALS

MARCH  
2024

## DEAR INDIAN RIDERS & FELLOWS

March and spring is here and the riding season is knocking the door 😊, and there are only 4 months remaining till the long and impatiently expected **INTERNATIONAL INDIAN RALLY 2024**.

Should you wish to participate and not registered yet, please use the registration form at website of event – [www.iir24.cz](http://www.iir24.cz) – which will guide you through the registration process.

**EARLY REGISTRATION IS HIGHLY RECOMMENDED!** It will allow you to opt for a hotel type accommodation, capacity of which is limited in Most. At the same time, the early registration and payment will allow us, as organizers, to prepare the event on a top-notch level with all possible benefits and „nice-to-have“ options for you, to enjoy the Rally to a maximum extent. **THE DEADLINE FOR REGISTRATION IS JUNE 30, 2024!**

**IMPORTANT WARNING** – we would like to inform you in advance that it will be possible to register on the gate, but due to difficulties and increased cost associated with this process, the **FEE AT GATE WILL BE INCREASED TO 150€!**

**CURRENT STATUS AS OF MARCH 15, 2024:** We have 120 registered participants (with 80+ vintage motorcycles) from 14 countries (A, AUS, B, CH, CZ, D, FIN, GB (*England, Scotland*), H, I, NL, PL, S). Sadly – still missing frequently participating countries like France, Slovakia, Norway, Ireland or Portugal 😞.

**WHAT DO WE PREPARE FOR YOU?** A typical part of every International Indian Rally is the rideout. This year we would like to invite you to a group ride into the **MID-BOHEMIAN HIGHLANDS** - a beautiful region in the northern part of the Czech Republic. The rideout will take us into a pitoresque landscape, where volcanic hills and mountains rise from flat fields. It is a place full of contrasts, history and natural beauty. Countless ruins and castles, hills with unbelievable silhouets, areas for hop anf wine growing. While the nature around feels hilly, the ride goes pretty flat, so even the oldest bikes will make it easily. See next pages for details, or visit websites:

**STAY TUNED FOR MORE INFO COMING ON REGULAR BASIS** 😊 or feel free to contact us via the website ([iir24.cz](http://iir24.cz)), Facebook (#iir24) or Instagram (iir24). Please keep an eye on the website – it is still under construction in some sections, but information is being added on running basis. Recently we have added detailed information about the **MID-BOHEMIAN HIGHLANDS**, where the rideout aims. Brief digest is attached also on two following pages 😊 .

Looking forward to meet most of you in **MOST** in July.

**JAN WACLAV**

on behalf of  
Indian Motorcycle Club CZ

**HOWGH**

The **MID-BOHEMIAN HIGHLANDS** is a beautiful region in the northern part of the Czech Republic, where volcanic hills and mountains rise from a flat landscape. It is a place full of contrasts, history and natural beauty.

The **MID-BOHEMIAN HIGHLANDS** is a tourist area that stretches from Ústí nad Labem in the east to the regions of Žatec and Louny in the west<sup>1</sup>. This region, known for growing hops, wine and fruit, is rightly proud of the title "Garden of Bohemia".

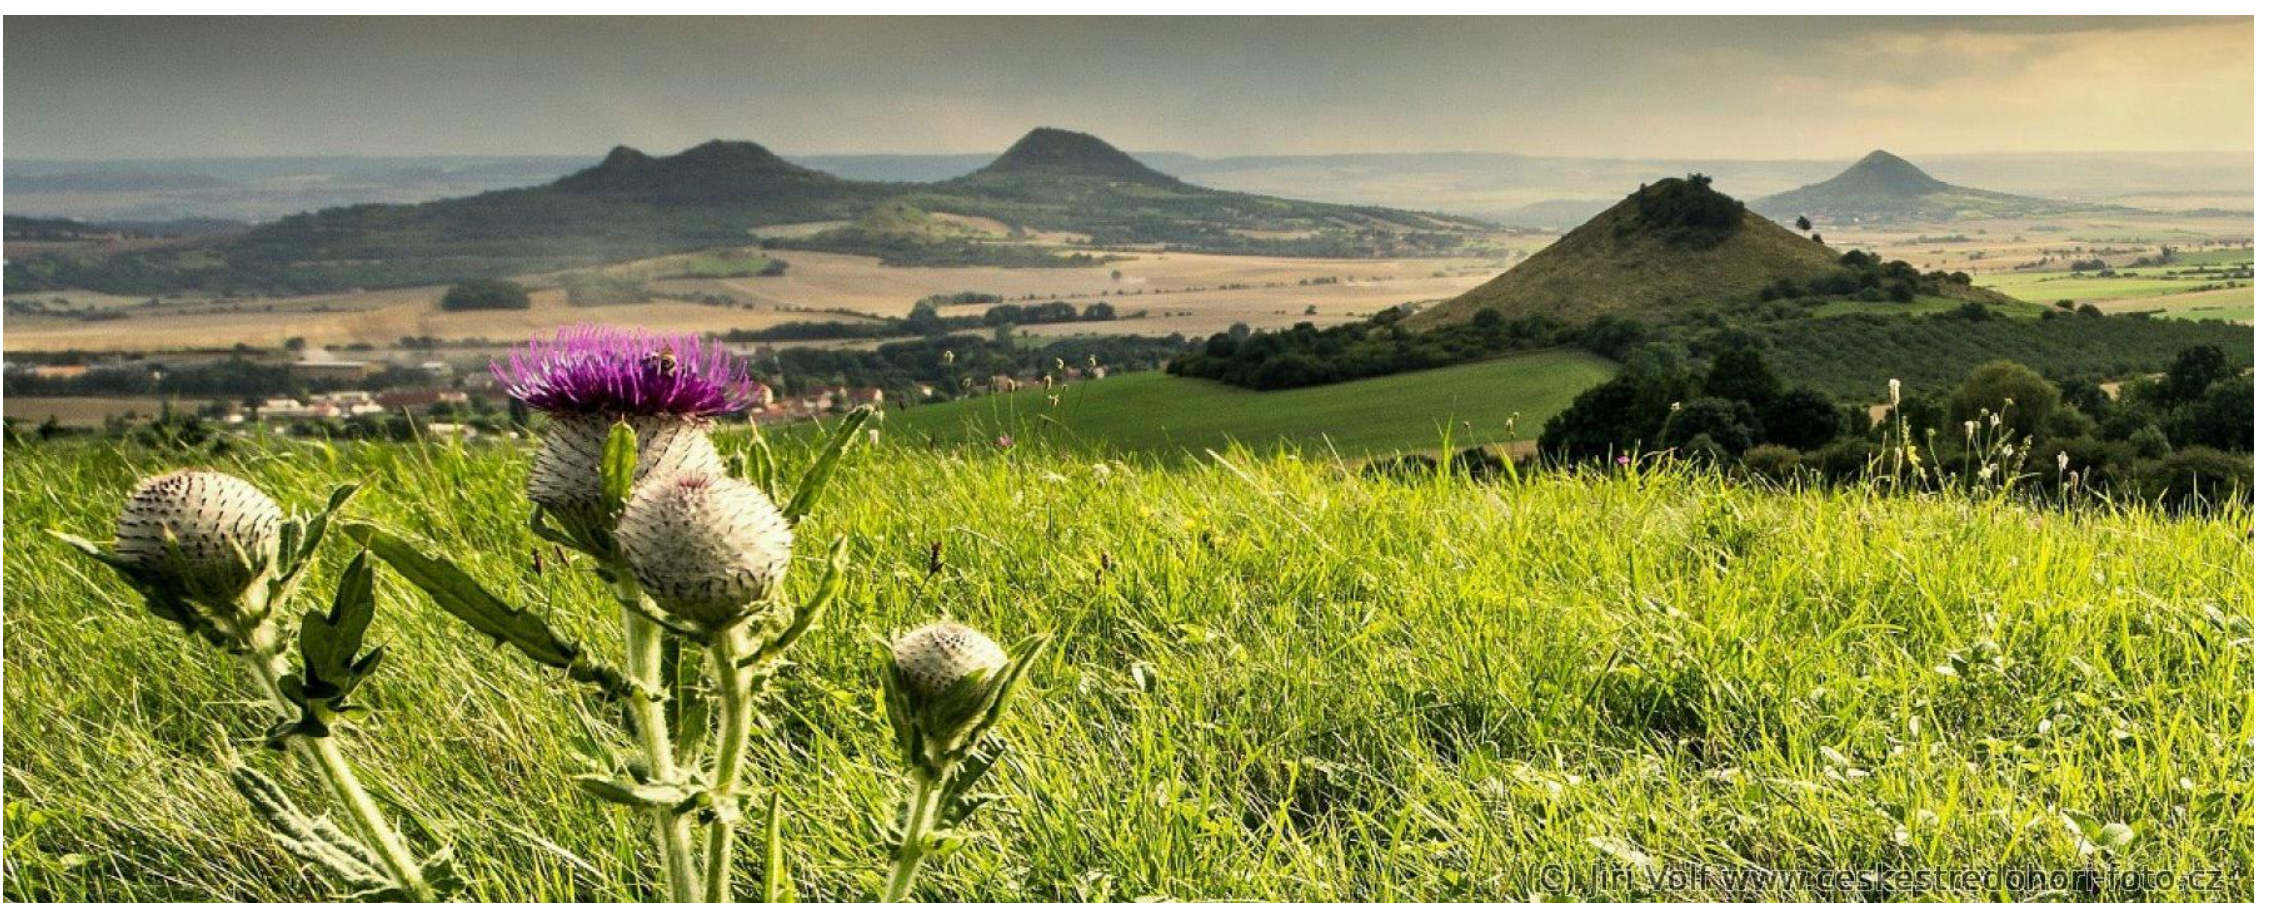

The main tourist attraction is the protected landscape area of the **MID-BOHEMIAN HIGHLANDS**, a region of formerly active and now extinct volcanoes. The shape of the landscape is one of the most distinctive and at the same time the most beautiful in the Czech Republic.

The peak of **MILEŠOVKA** hill can rightly be called the queen of the area. Not only because of its height, but also because of its beautiful conical shape. On clear days, you can have a wonderful view of the surrounding countryside from the top.

The region is literally criss-crossed with a network of countryside routes – an eden for motorcyclists and bikers.

The **MID-BOHEMIAN HIGHLANDS**, land of fire and water, where volcanoes were born from the depths of the earth, and where the Elbe flows, a living silver cord, which connects towns, villages and castles.

The **MID-BOHEMIAN HIGHLANDS**, the land of forests and meadows, where flowers, fruit and grain grow, and where animals and birds and insects live, which form a rich mosaic of life.

The **MID-BOHEMIAN HIGHLANDS**, land of people and culture, where Czechs, Germans and Slavs meet, and where history, tradition and art are reflected, which give the region a unique atmosphere.
